

Paint for good.

Paintback Greyscale Paint

Made from unwanted paint –
that's infinitely good.

Established in 2016, Paintback® is an industry-led initiative that's transforming the landscape of paint disposal in Australia. Our mission? To divert 90% of unwanted paint and packaging from ending up in landfills and waterways.

Paintback is an independent not-for-profit organisation driven by the Australian paint industry and the major companies that supply around 90% of all the architectural and decorative (A&D) paint sold in Australia. Paintback's founding members are Dulux, Haymes, PPG, Resene and Wattyl.

Product Summary

Product:	Paintback Greyscale Paint
Recycled material/s contained in product:	100% water-based paint
Use:	Interior and exterior paint
Origin:	Manufactured locally in Melbourne, Australia

Product Benefit

 <p>Circular Material</p> <p>Created from diverted paint that was collected through the Paintback scheme, preventing it from ending up in landfill.</p>	 <p>Low VOC</p> <p>Greyscale complies with the VOC limits set by the Green Building Council of Australia.</p>	 <p>Goes on Thick</p> <p>Paintback's paint applies thick, which means less coats are required to get the job done. Helping to reduce labour and plant costs.</p>	 <p>Competitive Cost</p> <p>Paintback Greyscale Paint is a cost effective solution.</p>	 <p>High Performance Paint</p> <p>Greyscale offers comparable performance to virgin material and current alternatives.</p>	 <p>Lower Carbon Emissions</p> <p>The reduction in virgin material use and local supply reduces embodied carbon by approx. 15kg CO2 per 100L</p>
