

# Paint for good.

## Paintback Undercoat

Made from recycled paint –  
that's infinitely good.

### Product Overview

Paintback Undercoat is produced from reclaimed water-based paint collected through the Paintback® scheme and carefully treated and refined to meet high-quality standards. Formulated to optimise topcoat performance, it creates a smooth, even, high-opacity base that ensures consistent colour and a professional finish, ready for topcoat application.

To achieve a high-quality finish, use Paintback Undercoat with our 100% recycled water-based paint, Circular Coatings. Together, they provide a reliable base that supports consistent colour, long-lasting performance, and an easier application process. The result is a smooth, professional finish, while supporting a more sustainable approach to painting.

### About Paintback

Established in 2016, Paintback® is an industry led initiative that's transforming the landscape of paint disposal in Australia. Our mission? To divert 90% of unwanted paint and packaging from ending up in landfills and waterways.

**100% circular  
paint selection**

**Touch dry in  
20 minutes**

**Recoat in  
2 hours**

<b>Product:</b>	Paintback Undecoat
<b>Recycled material/s contained in product:</b>	100% water-based paint
<b>Use:</b>	Undercoat
<b>Origin:</b>	Manufactured locally in Melbourne, Australia

## Benefits

### Low VOC

Complies with the VOC limits set by the Green Building Council of Australia.

### Competitive Cost

Competitively priced, offering a cost-effective solution that aligns with industry pricing standards.

### High Performance

Offers comparable performance to virgin material and current alternatives, with the added benefit of being made from recycled paint.

### Lower Carbon Emissions

The reduction in virgin material use and local supply reduces embodied carbon by approx. 15kg CO<sub>2</sub> per 100L.

### Easy to Apply

Applies easily with a brush, roller, or spray.

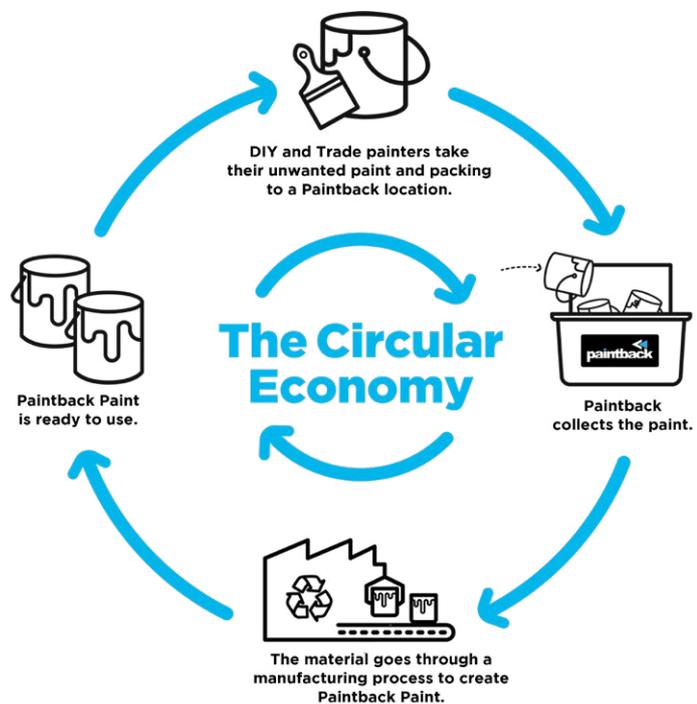

## Usage

### Preparation

Surface must be clean, dry and free from dust, oils and grease prior to application of Paintback Undercoat.

### Compatible Surfaces

- Plasterboard
- Waterproof plasterboard
- Brick
- Cement sheet
- Set plaster
- Plasterglass
- Galvanised steel
- MDF
- Concrete
- Masonry
- Steel (mild) and non-ferrous metals
- Previously painted surfaces
- Timber
- Fibrous plaster
