

APPLICATION DATASHEET

Paintback Circular Coatings / Recycled Water-Based Paint (rWBP)

Product Identification

Product name: Paintback Greyscale / Circular Coatings / Recycled Water-Based Paint (rWBP).

Product type: Recycled water-based paint.

Intended use: Interior and exterior coating for public, commercial and infrastructure assets where circular material procurement, reliable finish quality and lower embodied carbon are desired.

Manufacturer: Paintback, an independent Australian not-for-profit product stewardship organisation established in 2016. The product is manufactured from water-based paint collected through the national Paintback scheme and refined through controlled recovery and quality-monitoring processes to deliver a consistent, fit-for-purpose coating.

Application Guide

Surface Preparation:

Ensure the surface is clean, dry and free from dust, oils and grease prior to application.

Application:

Paintback Recycled Water-Base Paint (rWBP) applies easily with a brush, roller or spray. Please ensure paint is 200 microns (μ) for spray application.

How To Apply:

1. Stir paint thoroughly with a flat paddle using an up-and-down scooping action.
2. Cut-in around the edges with a brush, then roll up to the border while it is still wet.
3. Apply additional coats as required, ensuring that the previous coat is completely dry before applying.

Recommended Spray Tip: 517 or 314
